Key: A | Song Key: A | Capo: 0 | Notes:

```
            A                D
O Lord my God, When I in awesome wonder,
          A                    E          A
consider all the Worlds Thy hand hath made.
            A                  D
I see the stars, I hear the rolling thunder
                A              E         A
Thy pow'r throughout the universe displayed

                A         D             A
Then sings my soul, my Savior God, to Thee
                Bm                      A
How great Thou art! How great Thou art!
                          D                A
Then sings my soul, my Savior God, to Thee
                Bm     D                 A
How great Thou art! How great Thou art!

              A                     D
And when I think that God, His Son not sparing
               A                    E        A
Sent Him to die, I scarce can take it in
                A                  D
That on the cross, my burden gladly bearing
               A              E        A
He bled and died to take away my sin

                      A                          D
When Christ shall come, with shouts of acclamation
              A                        E          A
And take me home, what joy shall fill my heart
               A                  D
Then I shall bow in humble adoration
               A                        E           A
And there proclaim, My God, how great You are!

O Praise The Name

Key: A | Song Key: G | Capo: 2 | Notes:

```
          A
I cast my mind to Calvary
             E                F#m
Where Jesus bled and died for me
           D                       A
I see His wounds, His hands, His feet
           E            A         C#m  D
My Saviour on that cursed tree

          A
His body bound and drenched in tears
                E                F#m
They laid Him down in Joseph's tomb
              D               A
The entrance sealed by heavy stone
        E                 A     C#m  D
Messiah still and all alone

Chorus:
  A                         D         A
O praise the Name of the Lord our God
  F#m                     E       E
O praise His Name forever - more
    A                           D          F#m
For endless days, we will sing Your praise
   D         E     E   A       C#m   D
Oh Lord, oh Lord  our God

            A
Then on the third, at break of dawn
            E           F#m
The Son of heaven rose again
            D                    A
O trampled death, where is your sting
           E                      A
The angels roar for Christ the King

            A
He shall return in robes of white
             E                    F#m
The blazing sun shall pierce the night
            D             A
And I will rise among the saints
            E                   A
My gaze transfixed on Jesus' face

Set your church on fire, Win this nation back
           D     Em                C         D     G
Change the atmosphere, Build your kingdom here we pray

  C                   G       C                     G
Unleash Your kingdom's power, Reaching the near and far

No force of hell can stop, Your beauty changing hearts
    C                G               C                  G
You made us for much more than this, Awake the kingdom seed in us
C                G                    D
Fill us with the strength and love of Christ

We are the hope on earth
